THE STORY OF **OLDCOM**

The story of OLDCOM begins in the year 1994 in the Republic of Moldova with the foundation of OLDCOM SA, a local leader in the light industry specialized in producing shoes and accessories. The Factory produces 500 different shoe models for men, women, and kids.

Those different shoe models are very much appreciated inside the country as well as on the outside. This was the main factor that determined OLDCOM to expand into the Ukrainian, Romanian, Bulgarian, Czech and other countries' markets. Because of the large selection, comfort, and accessible prices, these OLDCOM products became largely appreciated and loved.

The number of clients is constantly growing. In Romania, OLDCOM opened its doors in the spring of 2016, In Ukraine in 2010. We started B2b collaborations with the small online store **www.oldcom.md**. Moldova has a chain of 17 OLDCOM stores all over the republic.

WHAT MAKES US **SPECIAL?**

- 1.** We have our factory, a thing that lets us simultaneously produce three different footwear categories: - PVC (Polyvinyl chloride) footwear: rain shoes. - Footwear with textile uppers and injected soles: espadrilles, tennis shoes, slip-on, house shoes, winter shoes. - EVA (ethylene vinyl acetate) shoes.
- 2.** The 26 years of experience that helps us adapt to new tendencies and changes.
- 3.** We offer our clients the highest quality at low prices.
- 4.** We get better by expanding and improvement of our relationships with our clients, doing our best to satisfy them.

ESPADRILLES, SLIP-ONS AND SNEAKERS

Espadrilles, slip-ons, and sneakers are essential items for everyday casual outfits. They are not too stiff and not too soft making them amazingly comfortable. They are lightweight, breathable, and easy to wear. The upper part is crafted using 100% cotton canvas or flax linen. The liner is made of natural materials bonded to each other with BIO glue without additional artificial spacers, which allows your feet to breathe and prevents diaper rash and unwanted odors.

The sole made from high-quality virgin PVC granules is attached to the upper material using a thermo- molding technique. (This method prevents the deterioration or breaks in between the fabric

and the sole portion during wear). All of our textile upper shoes are equipped with a removable cotton insole that meets global standards and fashion trends. Thus the insole can be easily laundered or replaced if necessary

All our textile upper shoes can be washed in an automatic washing machine at 30° C or hand washed using any gentle detergent. After washing these shoes will not lose their shape, quality, or color, and thanks to a special coating on the fabric are not formed pellets. Thus your shoes will always look clean and like new! These casual shoes look great, and your feet in them will feel even better!

ESPADRILLES

Espadrilles are casual shoes on a flat sole. Made of natural proven materials. Lightweight, comfortable, breathable, stylish - espadrilles are leaders in the summer wardrobe. They are indispensable for recreation and everyday casual bows. OLDCOM espadrilles are suitable for both sports and romantic looks. Espadrilles are made of

eco and breathable fabric - cotton or linen, the sole is made of high-quality rubber. The comfortable and stylish model is perfect for both city life and traveling. This is why they are incredibly popular by the active woman and man wardrobe. Espadrilles are especially liked by moms with small children who are always on the move.

SLIP-ON

Slip-ons are must-have shoes for women, men, and children with comfortable elastic inserts. As they are insanely comfortable and lightweight, so they became extremely popular among not only active youth and children but also among older people. This is the perfect shoe for those who, because of the circumstances or some specifics of the foot, cannot wear narrow models, heels, or rough soles.

Slip-ons are multipurpose: suitable for narrow and wide feet, both high and low lift. Casual-style models will look great with jeans and shorts. Wide range of colors, at OLD COM you can find bright, saturated monochrome, delicate patterns, stylish geometric patterns, trendy prints, and create any stylish look for any event.

SNEAKERS

It's been years when sneakers were worn only by sportsmen. Nowadays sneakers are one of the casual must-haves for everyone. Honestly, these shoes are out of age, gender and style. Suitable for everyone, liked by most, appropriate almost everywhere and anytime. Our sneakers are eco-friendly, as we use exclusively natural rugged textiles. All the materials do not deform after drying and do not lose color after washing. The

sole has good rigidity, which is necessary to prevent injury of the foot, but at the same time optimally elastic. OLDCOM models allow you to create family looks. We have a wide choice for both women, men, and children. Sneakers are the perfect choice for long city walks and trips. This type of shoe allows you to dress not only beautifully but also very comfortably.

WELLIES

We are glad to present you with a wide range of waterproof women's, men's, and children's PVC and EVA boots, which are made with modern European equipment that allows you to make boots without gluing. The boots are durable, comfortable, and easy to care for. OLDCOM's wellies are so stylish that they can be easily combined with any outerwear, rather with a sports jacket or an elegant coat. This kind of shoes

is also really appreciated by moms. It is difficult to imagine how to keep children's feet dry in rainy weather without wellies, so it will be highly appreciated not only by parents but also by the kids themselves. We also suggest choosing boot socks from high-quality fleece, which reliably holds heat inside the boot. Rainy days are brighter with our rubber shoes.

WELLY WARMER

Wellies are the best waterproof shoes for mid-seasons when rain and wet is most likely weather during the days. It is difficult to imagine, how to keep children's feet dry in rainy weather without wellies, so it will be highly appreciated not only by parents but also by the kids themselves.

When the temperature is getting lower, we also suggest choosing boot warmers from high-quality fleece, which reliably holds heat inside the boot. Warmer is sold separately so can be worn when needed. Rainy days are brighter with our wellies and much more comfortable with the warmer inside.

WINTER BOOTS

We have winter footwear for the whole family that is made from modern and high-quality materials. The wide range of models: from bright colored ones for small children and youth to classic calmed colored for adult buyers. We use PVC sole for comfortable non-slip wearing, some models use lightweight and very durable EVA material. The upper part is made of moisture-resistant textiles, and the inside

is made of artificial fur with natural wool. All shoes are made in strict compliance with European standards in size, lifting, and completeness. Therefore, the boots are lightweight, frost-resistant, comfortable, and create a comfortable temperature for the feet. OLDCOM winter boots are great for an active winter holiday and comfortable city walks for the whole family.

HOME SLIPPERS

All OLDKOM home slippers are made from high-quality materials and the latest technologies. We always try to meet all the needs of our customers, so we offer a modern design, convenient size mesh (we offer double sizes 35/36, 37/38, 39/40..., which facilitate the selection of home shoes), we pay great attention to comfort and

functionality, namely, we use lightweight EVA soles, natural cotton, high-quality polyester. Special attention is paid to children's models, which are securely fixed on the legs with comfortable fasteners that allow them to be used at home and in kindergartens, also outside.
